HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 2—DEPARTMENT OF AGRICULTURE
Division 100—Missouri Agricultural and Small Business
Development Authority
Chapter 6—Single-Purpose Animal Facilities Loan
Guarantee Program

EMERGENCY AMENDMENT

2 CSR 100-6.010 Description of Operation, Definitions, Fee Structures, Applicant Requirements, and Procedures for Making and Collecting Loans and Amending the Rules for the Single-Purpose Animal Facilities Loan Guarantee Program. The authority is amending subsections (2)(H) and (3)(C), deleting subsection (3)(E) and renumbering thereafter, and amending subsection (4)(E).

PURPOSE: This emergency amendment is to expand the program in order to offer guarantees on operating loans, as well as refinancing and restructuring of agricultural debt, for qualifying operations.

EMERGENCY STATEMENT: The current lending crisis and economic conditions have caused severe financial strain for Missouri livestock producers. This emergency amendment is necessary to allow credit to flow to livestock producers who may not be able to obtain financing otherwise. This emergency amendment broadens the types of loans that can be guaranteed through the Single-Purpose Animal Facilities Loan Guarantee Program. The urgency is due to the severity of the situation facing Missouri's animal agriculture industry. The

recession, combined with H1N1 fears, has caused pork prices to drop more than twenty-five percent (25%) year over year. Milk prices paid to farmers have dropped more than fifty percent (50%). Farmers are struggling to obtain financing to keep their operation running day-to-day during this "perfect storm" of poor economic conditions, poor lending conditions, and the temporary drop in commodity prices. This emergency amendment is necessary to free up lending to these farmers. Agriculture is the single largest industry in the state of Missouri and protecting this industry is a matter of public welfare. This emergency amendment was filed October 22, 2009, becomes effective November 2, 2009, and expires April 30, 2010.

(2) Definitions. As used in this rule, the following terms shall mean:

(H) Single-purpose animal facilities loan means a **collateralized** loan to finance the acquisition, construction, improvement, *[or]* rehabilitation, **or operation** of land, buildings, facilities, equipment, machinery, and animal waste facilities used to produce poultry, hogs, beef or dairy cattle, or other animals.

(3) Criteria Relating to Participating Borrowers and Single-Purpose Animal Facilities Loan Guarantee Program.

(C) **Initial** *[C]*certificates of guaranty cannot be issued for a period exceeding ten (10) years. **Refinancing of loans previously guaranteed by the Single-Purpose Animal Facilities Loan Guarantee Program may extend the guaranty as approved by the Missouri Agricultural and Small Business Development Authority.**

[(E)] **Loan guarantees made under the program may not apply to refinancing of loans.**

[(F)](E) Loans made under the program may not be assigned by the lender without approval of the authority.

[(G)](F) Loans made under the program may not be extended beyond the original time established for the loan without prior approval of the authority.

[(H)](G) The authority will receive a loan participation fee of one percent (1%), with the fee being collected from the borrower by the lender and submitted to the authority at the time the loan is closed.

[(I)](H) The authority will receive a special loan guarantee fee of up to one percent (1%) per annum of the outstanding principal which shall be collected from the borrower by the lender and paid to the authority.

[(J)](I) The rate of interest to be charged to a borrower will be negotiated between the lender and the borrower, but cannot exceed the rate normally charged by the lender for similar loans.

[(K)](J) The loan amortization schedule will be negotiated between the lender and the borrower. Payments may be repaid monthly, quarterly, semi-annually, annually, or in installments that coincide with payments as they are normally received for the products being sold or delivered.

[(L)](K) Borrowers may accelerate payments, including early pay-off of the loan without incurring a prepayment penalty.

(4) Procedure for Making Eligible Loans.

(E) Upon determining that all requirements for the loan guarantee are met, the authority will issue to the lender a certificate of guaranty for up to fifty percent (50%) of any loss of the loan amount on a declining principal basis, and for a period not exceeding ten (10) years, **except in the case of refinances as approved by the authority.**

AUTHORITY: sections 348.195 and 348.210, RSMo Supp. [2003] 2008. Original rule filed Feb. 15, 1995, effective July 30, 1995. Amended: Filed Sept. 15, 2003, effective March 30, 2004. Emergency amendment filed Oct. 22, 2009, effective Nov. 2, 2009, expires April 30, 2010.

Title 12—DEPARTMENT OF REVENUE
Division 10—Director of Revenue
Chapter 41—General Tax Provisions

EMERGENCY AMENDMENT

12 CSR 10-41.010 Annual Adjusted Rate of Interest. The department proposes to amend section (1).

PURPOSE: Under the Annual Adjusted Rate of Interest (section 32.065, RSMo), this amendment establishes the 2010 annual adjusted rate of interest to be implemented and applied on taxes remaining unpaid during calendar year 2010.

EMERGENCY STATEMENT: The director of revenue is mandated to establish, not later than October 22, an annual adjusted rate of interest based upon the adjusted prime rate charged by banks during September of that year as set by the Board of Governors of the Federal Reserve rounded to the nearest full percent. This emergency amendment is necessary to ensure public awareness and to preserve a compelling governmental interest requiring an early effective date in that the amendment informs the public of the established rate of interest to be paid on unpaid amounts of taxes for the 2010 calendar year. A proposed amendment that covers the same material is published in this issue of the *Missouri Register*. The director has limited the scope of the emergency amendment to the circumstances creating the emergency. The director has followed procedures calculated to assure fairness to all interested persons and parties and has complied with protections extended by the *Missouri* and *United States Constitutions*. This emergency amendment was filed October 27, 2009, becomes effective January 1, 2010, and expires June 29, 2010.

(1) Pursuant to section 32.065, RSMo, the director of revenue upon official notice of the average predominant prime rate quoted by commercial banks to large businesses, as determined and reported by the Board of Governors of the Federal Reserve System in the Federal Reserve Statistical Release H.15(519) for the month of September of each year has set by administrative order the annual adjusted rate of interest to be paid on unpaid amounts of taxes during the succeeding calendar year as follows:

Calendar Year	Rate of Interest on Unpaid Amounts of Taxes
1995	12%
1996	9%
1997	8%
1998	9%
1999	8%
2000	8%
2001	10%
2002	6%
2003	5%
2004	4%
2005	5%
2006	7%
2007	8%
2008	8%
2009	5%
2010	3%

AUTHORITY: section 32.065, RSMo 2000. Emergency rule filed Oct. 13, 1982, effective Oct. 23, 1982, expired Feb. 19, 1983. Original rule filed Nov. 5, 1982, effective Feb. 11, 1983. For intervening history, please consult the *Code of State Regulations*. Emergency amendment filed Oct. 27, 2009, effective Jan. 1, 2010, expires June 29, 2010. A proposed amendment covering this same material is published in this issue of the *Missouri Register*.

Title 15—ELECTED OFFICIALS
Division 50—Treasurer
Chapter 2—Linked Deposit Program

EMERGENCY AMENDMENT

15 CSR 50-2.050 Interest Rate on Linked Deposit Loans [and Loan Categories]. The state treasurer's office is amending sections (1), (2), (3), and (4) and deleting sections (5) and (6).

PURPOSE: This amendment informs the public of changes to the procedure to be used to set the interest rate under the Linked Deposit Program.

PURPOSE: This rule establishes the procedure to be used to set the interest rate [on loan categories] under the Linked Deposit Program and the maximum interest rate on loans in [those categories] this program.

EMERGENCY STATEMENT: This emergency amendment informs the public of changes to the procedure to be used to set the interest rate under the Linked Deposit Program. This emergency amendment is necessary to preserve the compelling governmental interest of avoiding any confusion by lending institutions and their consumers about the correct procedure to set the interest rate for linked deposit loans. Without amending the rule through the emergency process, lending institutions may not know how to calculate the interest rate for the two (2) new loan programs created by HB 883. HB 883 was truly agreed and finally passed in May 2009 and signed into law by Governor Nixon on June 29, 2009. It had an effective date of August 28, 2009. HB 883 created two (2) new linked deposit loan programs, eligible alternative energy consumer and eligible governmental entity. The current rule does not include a process for setting the interest rate for the new loan programs. An incorrect interest rate could harm consumers if it is set at the wrong rate. Further, lending institutions may be burdened by administrative tasks when they set the interest rate at the incorrect level and have to go back and correct the interest rate to the appropriate level. As a result, the state treasurer's office finds the amendment is necessary to preserve a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The state treasurer's office believes this emergency amendment is fair to all interested parties under the circumstances. This emergency amendment was filed Oct. 28, 2009, becomes effective Nov. 7, 2009, and expires May 5, 2010.

(1) [The interest rate on loan categories under the Linked Deposit Program shall be equal to the prime rate, as published in the *Wall Street Journal*, on the first business day of any given week, plus one and a half percent (1.50%). This rate shall apply to the following linked deposit loan categories: Agri-Business, Beginning Farmer (if loan is less than one hundred thousand dollars (\$100,000)), Farming Operation, Livestock Operation, Marketing Operation, Small Business, Student Borrower, and Water Supply System.] For all linked deposit loan applications, the lending institution shall certify the interest rate on the loan to be made to the applicant based on the lending institution's assessment of the applicant's credit risks and profile and other relevant factors as determined by the lending institution. Upon acceptance of the linked deposit application by the Office of the State Treasurer and acceptance of the linked deposit to be placed with the lending institution, the interest rate on the loan shall be no greater than seventy percent (70%) of the above rate certified by the lending institution. The loan rate must be approved by the Office of the State Treasurer,

and, upon placement of the linked deposit, the loan rate shall remain fixed for the period agreed to by the lending institution and the Office of the State Treasurer, not to exceed a period of five (5) years and subject to adjustment under the terms and conditions described in section (4).

(2) The treasurer's office will advise *[financial]* lending institutions of the applicable category loan rate upon request and at the time a deposit offer is made under the program.

(3) The treasurer's office will *[monitor interest rate markets and adjust the interest rates for each respective loan category upon changes in the prime lending rate]* advise lending institutions of the deposit rate and loan rate at the time a deposit offer is made under the program.

(4) *[The interest rate on the linked deposit loan made to a borrower in any of the categories listed in section (1) above, shall be no greater than seventy-five percent (75%) of the interest rate established in section (1) above.]* Upon placement of a *[loan]* linked deposit, the interest rate for the loan shall remain fixed for *[a period of one (1) year]* the term; except, if it so provides in the loan agreement, the lending *[financial]* institution may increase the interest rate on the loan, up to the category rate established by the treasurer, if the treasurer determines that the borrower has not complied with the law relating to the Linked Deposit Program and, as a result, the treasurer has received the full market interest rate on the deposit from the *[financial]* lending institution.

[(5) In a linked deposit loan application made for a Job Enhancement Business and Beginning Farmer (if loan is one hundred thousand dollars (\$100,000) or more), the lending financial institution shall certify the present market borrowing rate applicable on a one (1) year fixed rate loan to the borrower. The lending financial institution shall also certify the interest rate on the loan to be made to the borrowing Job Enhancement Business under the Linked Deposit Program, but the interest rate on the loan shall be no greater than seventy percent (70%) of the certified market rate. The loan rate must be approved by the state treasurer and, upon placement of the linked deposit, the loan rate shall remain fixed for a period of one (1) year, subject to adjustment under the terms and conditions described in section (4), above.]

(6) In a linked deposit loan application made for a residential property developer or a residential property owner, the lending financial institution shall certify the present market borrowing rate applicable on a three (3) year fixed rate loan to that borrower. The lending financial institution shall also certify the interest rate on the loan to be made to the residential property developer or residential property owner under the Linked Deposit Program, but the interest rate on the loan shall be no greater than seventy-five percent (75%) of the certified market rate for a loan up to one hundred thousand dollars (\$100,000), nor greater than seventy percent (70%) of the certified market rate for a loan of one hundred thousand dollars (\$100,000) or more. The loan rate must be approved by the state treasurer and, upon placement of the linked deposit, the loan rate shall remain fixed for a period of up to three (3) years, subject to adjustment under the terms and conditions described in section (4), above.]

AUTHORITY: sections 30.260 and 30.760, RSMo [2000] Supp. 2008. Emergency rule filed March 7, 1986, effective March 27, 1986, expired July 14, 1986. Original rule filed June 26, 1986, effective Oct. 15, 1986. For intervening history, please consult the *Code of State Regulations*. Emergency amendment filed Oct. 28, 2009,

effective Nov. 7, 2009, expires May 5, 2010. A proposed amendment covering this same material is published in this issue of the *Missouri Register*.

Division 2150—State Board of Registration for the Healing Arts Chapter 5—General Rules

EMERGENCY AMENDMENT

20 CSR 2150-5.025 Administration of *[Influenza]* Vaccines Per Protocol. The board is proposing to amend the title and original purpose statement, as well as sections (1) through (8) of this rule.

PURPOSE: *This rule is being amended to authorize pharmacists to administer vaccines outside of a pharmacy setting and to establish procedures and standards for administering said vaccines, as authorized by Chapter 338, RSMo.*

PURPOSE: *This rule establishes the procedures for pharmacists to administer *[viral influenza vaccinations]* vaccines per written protocol with a physician.*

EMERGENCY STATEMENT: *In the spring of 2009, the Centers for Disease Control (CDC) reported confirmed cases of novel influenza A (H1N1) in Mexico and the United States. The CDC's initial data suggested "the H1N1 virus has the potential for efficient, rapid spread among the countries." On April 26, 2009, the United States government declared a public health emergency and officially began to take steps to "actively and aggressively" implement the federal pandemic response plan.*

By May 2009, the Department of Health and Human Services confirmed that "widespread infection was occurring in North America." As a result, the World Health Organization (WHO) declared "the first public health emergency of international concern under the revised 2005 International Health Regulations." According to the CDC, the virus continued to spread "rapidly" around the world resulting in a "substantial" number of cases of "severe disease and death" being reported in previously healthy young adults and children.

On June 11, 2009, the WHO issued a phase-6 global pandemic alert which denotes "widespread human infection." The phase-6 pandemic alert is currently in effect.

According to CDC data, the "United States continues to report the largest number of novel H1N1 cases of any country worldwide." By June 2009, all fifty (50) states reported novel H1N1 infection, including the state of Missouri. As of September 12, 2009, twenty-one (21) states reported "geographically widespread infection activity," including states immediately bordering the state of Missouri such as Arkansas, Illinois, Kansas, Kentucky, Oklahoma, and Tennessee.

According to the CDC, doctor visits for influenza-like illness are "higher than what is expected during the late summer" resulting in "very unusual" activity. In August 2009, the CDC officially released concerns "that the new H1N1 virus could result in a particular severe 2009–2010 flu season." The CDC subsequently alerted the states and other public health officials that it was expediting drug approval reviews and was preparing for mass vaccination efforts on a nationwide level of unprecedented proportions.

Specifically, the CDC has recommended mass influenza vaccination for high-risk groups, including pregnant women, household contacts and caregivers, healthcare and emergency medical services personnel, all people from six (6) months through twenty-four (24) years of age, and persons aged twenty-five (25) through sixty-four (64) who have health conditions associated with higher risk of medical complications from influenza.

In August 2009, federal and state authorities, including the CDC and the Missouri Department of Health, solicited assistance from the Board of Pharmacy in implementing necessary immunization procedures/regulations to accommodate a massive immunization initiative for the 2009–2010 flu season. Both federal and state authorities anticipate the immediate need for widespread immunization activities by pharmacists and other healthcare professionals in a variety of locations, including schools, individual residences, senior centers, and other declared public areas. In Missouri, pharmacists are often the most accessible health care provider, especially in medically underserved rural areas of the state. In fact, as of September 22, 2009, the board has received reports that local Missouri public health agencies have initiated searches for volunteers with a medical background able to administer immunizations outside of a pharmacy.

Under the current rule, however, pharmacists are prohibited from immunizing or providing related immunization services outside of a licensed pharmacy. During the First Regular Session of the Ninety-fifth General Assembly, Senate Bill 296 was passed, which authorized the administration of vaccines by a pharmacist outside of a pharmacy setting.

This emergency amendment is necessary to preserve a compelling governmental interest in ensuring the availability of immunization services during this global pandemic by authorizing administration of immunizations by a pharmacist outside of the pharmacy setting and by establishing related record-keeping requirements. The amendment is also needed to prevent immediate danger to the public health, safety, and/or welfare that may result from H1N1 and inadequate or insufficient immunization availability. Notably, nearly one thousand five hundred to three thousand (1,500 to 3,000) Missouri deaths are reported each year due to influenza and/or related pneumonias. An early effective date of the amendment is necessary to allow the State Board of Pharmacy and the State Board of Registration for the Healing Arts to establish procedures for providing immunizations outside of a pharmacy setting prior to the 2009–2010 influenza season.

As a result, the State Board of Pharmacy and the State Board of Registration for the Healing Arts jointly find that there is an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest that require this emergency action. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. The State Board of Pharmacy and the State Board of Registration for the Healing Arts believe this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed October 22, 2009, becomes effective November 1, 2009, and expires April 29, 2010.

The CDC subsequently alerted the states and other public health officials that it was expediting drug approval reviews and was preparing for mass vaccination efforts on a nationwide level of unprecedented proportions.

Specifically, the CDC has recommended mass influenza vaccination for high-risk groups, including pregnant women, household contacts and caregivers, healthcare and emergency medical services personnel, all people from six (6) months through twenty-four (24) years of age, and persons aged twenty-five (25) through sixty-four (64) who have health conditions associated with higher risk of medical complications from influenza.

In August 2009, federal and state authorities, including the CDC and the Missouri Department of Health and Senior Services, solicited assistance from the State Board of Pharmacy in implementing necessary immunization procedures/regulations to accommodate a massive immunization initiative for the 2009-2010 flu season. Both federal and state authorities anticipate the immediate need for widespread immunization activities by pharmacists and other healthcare professionals in a variety of locations, including schools, individual residences, senior centers, and other declared public areas. In Missouri, pharmacists are often the most accessible health care provider, especially in medically underserved rural areas of the state. In fact, as of September 22, 2009, the board has received reports that local Missouri public health agencies have initiated searches for volunteers with a medical background able to administer immunizations outside of a pharmacy.

As a result, the board has simultaneously filed a proposed emergency amendment to the current 20 CSR 2220-6.050 to authorize the administration of vaccines by a pharmacist outside of a pharmacy setting. However, to properly provide immunization services, a pharmacist would be required under current federal, state, and medical guidelines to perform a variety of non-dispensing activities within the practice of pharmacy to properly assess a patient's suitability for vaccination. These activities include, but are not limited to, obtaining patient information, reviewing patient records, patient assessment/evaluation, and consultation with other health care professionals. Under current law, the non-dispensing activities identified in the proposed emergency rule constitute the practice of pharmacy when conducted by a licensed pharmacist and can only be performed within a licensed pharmacy.

During the First Regular Session of the Ninety-fifth General Assembly, Senate Bill 296 was passed, which specifically allows a pharmacist to perform "non-dispensing" activities outside of a licensed pharmacy, as provided by the rules of the board. In the absence of an immediate rule, a Missouri pharmacist would be essentially prohibited from vaccinating outside of a pharmacy setting if the pharmacist is not allowed to perform the necessary non-dispensing activities required for proper vaccination outside of the pharmacy.

As a result and in light of the current pandemic, this emergency rule is necessary to preserve a compelling governmental interest in ensuring the availability of immunization services during this global pandemic by authorizing non-dispensing activities outside of a pharmacy setting and by establishing related record-keeping requirements. The rule is also needed to prevent immediate danger to the

public health, safety, and/or welfare that may result from H1N1 and inadequate or insufficient immunization availability. Notably, nearly one thousand five hundred to three thousand (1,500 to 3,000) Missouri deaths are reported each year due to influenza and/or related pneumonias. An early effective date of the rule is necessary to allow the State Board of Pharmacy to establish procedures for providing immunizations outside of a pharmacy setting prior to the 2009–2010 influenza season.

As a result, the State Board of Pharmacy finds that there is an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest that require this emergency action. A proposed rule, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The State Board of Pharmacy believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed October 23, 2009, becomes effective November 2, 2009, and expires April 30, 2010.

(1) Pursuant to section 338.220, RSMo, a pharmacist may perform the following non-dispensing activities outside of a licensed pharmacy:

- (A) Patient counseling/education, as authorized by Missouri law, provided the pharmacist shall be obligated to comply with 20 CSR 2220-2.190, when applicable;
- (B) Obtain patient history/information;

- (D) Patient assessment/evaluation, as authorized by Missouri law;

- (G) Assess health plan and medication eligibility/coverage;
- (H) Pharmacy compliance audits/evaluations;
- (I) Administer drugs, vaccines, or biologicals, as authorized by law and the rules of the board;

(2) Confidentiality. A pharmacist performing non-dispensing activities pursuant to this rule shall comply with all applicable state and federal confidentiality laws and regulations and shall provide sufficient storage and security for confidential documents and electronic data processing hardware. In addition, data processing systems must utilize sufficient security software to ensure confidentiality and prevent unauthorized access. Any breach in the security or confidentiality of the data processing systems or confidential documents shall be documented and reported to the board in writing within seven (7) days of the breach.

(3) Notwithstanding any other provision of this rule, a pharmacist shall not meet with patients in the pharmacist's residence or living quarters.

(4) A pharmacist performing non-dispensing activities pursuant to this rule shall ensure compliance with Chapter 338, RSMo, and the

rules of the board at all times. Nothing in this rule shall be construed to eliminate or otherwise exempt any pharmacist from the record-keeping, confidentiality, or security requirements otherwise imposed by Chapter 338, RSMo, or the rules of the board. Violations of this section shall constitute grounds for discipline.

(5) This rule shall not be construed to authorize a pharmacist to conduct the unauthorized practice of medicine or to conduct any activity for which a license is required pursuant to Chapters 330, 331, 332, 334, or 337, RSMo.

(6) A pharmacy permit shall be required for performing non-dispensing activities if the pharmacist is using a pharmacy technician to assist in the practice of pharmacy at the location where non-dispensing activities are being performed, provided that a pharmacy permit shall not be required for sites used solely by the pharmacist for administering vaccines as authorized by Chapter 338, RSMo, and the rules of the board. Pharmacy technicians shall only be authorized to work under the direct supervision of a pharmacist as provided by section 338.013, RSMo, and 20 CSR 2220-2.700.

AUTHORITY: sections 338.010, 338.140, and 338.220, RSMo, as amended by Senate Bill 296, Ninety-fifth General Assembly, First Regular Session 2009. Emergency rule filed Oct. 23, 2009, effective Nov. 2, 2009, expires April 30, 2010. A proposed rule covering this same material is published in this issue of the Missouri Register.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

AUTHORITY: section 32.065, RSMo 2000. Emergency rule filed Oct. 13, 1982, effective Oct. 23, 1982, expired Feb. 19, 1983. Original rule filed Nov. 5, 1982, effective Feb. 11, 1983. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed Oct. 27, 2009, effective Jan. 1, 2010, expires June 29, 2010. Amended: Filed Oct. 27, 2009.

PUBLIC COST: This proposed amendment will cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate. This proposed amendment will result in a decrease in the interest rate charged on delinquent taxes. The precise dollar impact on public entities is unknown; however, for interest accrued on tax amounts owed as of or after the effective date of the rule, the cost to the public entities will be two dollars (\$2) per year for every one hundred dollars (\$100) of tax owed.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate. This proposed amendment will result in a decrease in the interest rate charged on delinquent taxes. The actual number of affected taxpayers is unknown. Because the future amount of past due taxes is unknown, the precise dollar impact on private entities is unknown; however, for interest accrued on tax amounts owed as of or after the effective date of the rule, the savings to the private entity will be two dollars (\$2) per year for every one hundred dollars (\$100) of tax owed.
